Formerly known as rapper and producer Esperado aka Espy1200 Wayan Wolfe has made his name in the Northern Germany in the early 2000s.

His return under the name of Wayan Wolfe brings back the Boom Bap era of Hip-Hop. With the combination of dark melodic sound patterns and hard hitting drums he developed his own unique signature sound.

Following this recipe, he also started making Lofi-Beats, as you can hear in his debut single "The Meet Up".
